Water Control Board 1 Position

The Tribal Council has the responsibility for managing the water resource of the reservation through the Reservation Water Management Plan. To implement this plan, the following action will be taken.

1. A Water Control Board consisting of three members will be appointed by the Tribal Council. Position number one will have an initial term of one year, position two will have a term of two years and position number three will have a three year term. Upon completion of initial terms, each position will serve three year terms. A Chairman and Vice-Chairman will be selected by Committee Members.

Primary function of the Committee will be to review all matters pertaining to the water resource to make recommendations to the Tribal Council in regards to making the Water Management Plan function and to propose changes or improvements in water policy and plan.

2. The Water Control Board will be concerned with all activities occurring in the watershed areas of the Reservation. Before an activity is initiated all plans will be submitted to the Board for their recommendations to the Tribal Council to ensure that neither water quality or quantity is impaired.
