“As of 4:45p on 6/10/2020 – Warm Springs Health and Wellness Center has sent in or tested **730 Total Tests, 673 Total Negative, 4 Test Pending, 50 Total Positive Cases, 2 Hospitalized, 2 Discharged, 3 Total Invalid, 29 Recovered**. Note - the STATE lab is taking 24-48 hours for results Our testing capability currently stands at 375 STATE and 430 ABBOTT test kits. We continue to do random surveillance testing of our high-risk community members. We have begun a broader surveillance of the CTWS employees.” Hyllis Dauphinais, Sr., CEO Warm Springs Health and Wellness Center

Some steps for safe and effective disinfectant use by Environmental Protection Agency: Step 1: Check that your product is EPA-approved, (safe for human use when used as directed) Step 2: Read the directions, where can I use this product, and what are the precautions; Step 3: Pre-clean the surface-soap and water if surface is dirty; Step 4: Follow the contact time-contact time is in the directions, leave surface wet the recommended time to ensure product is effective; Step 5: Wear gloves and wash your hands, wash hands after removing gloves; Step 6: Lock it up: tighten lids and store out of reach of children. An additional tip: when making your own disinfectant—NEVER mix household bleach with ammonia or any other cleanser.

If cleaning, wear mask and gloves, have adequate air, clean after an area is touched, especially if touched by a sick person.

To check Oregon Status as of 0800 on 6/10/2020 go to <https://govstatus.egov.com/OR-OHA-COVID-19>
