Fun Facts about both Covid Homeless Outreach & Community Projects for 2020

- Any community member is eligible to receive community basket- this is whatever has been donated to my office: *laundry soap; bleach; hand sanitizer; toilet paper; paper towels; hand soap; random food items.*
- Receiving items is based on household size, so a family of 10 receives items for a family of 10 or a single person receives items for one person.
- There are no income requirements.
- If they phone and need it to be delivered that can be arranged.
- They do not need to be Covid Positive to receive items.
- Employees can pick up items for their caseload(s) or individuals they are working with.
- All these items are donated and quarantined for the at least 5 days and in many cases longer.
- Any person can make a referral for a person experiencing homelessness in the community of Warm Springs; they do not need to be enrolled to receive support.
- I currently am limited on the way in which I can do outreach, but in some cases I can make arrangements for deliver if a caseworker/employee helps me get locations, needs, etc.
- I am partnered with outside organizations and we will soon beginning to go into Madras to provide support for the tribal members that may need help.
- Those experiencing homelessness can access resources as long as I have them to give. This is for all items: *food; clothing; personal items; etc.*

If you have any specific questions regarding either program please let me know and I will do what I can to help answer them.
